

# COLLECT CALL FROM MARS

## Going Out For Dancin'

Tonight there is someone whom I just  
had to meet  
You're looking so fine.  
Could you be mine?

I can't dance, but I'll go along  
I'll be your own Britney  
Stepping on toes now  
Hitting elbows, au

Don't tell me your name  
We do not have to talk,  
We'll do just fine love  
We are spinning around, around and  
round

Gotta go  
Don't you know?  
Somewhere I gotta be  
It was good to know you

Woke up next to someone  
I did not expect to see.  
Do I know you?  
Oh well, did you come to?

I still have a headache,  
and the rest is hurting too  
I don't remember  
Where the hell am I?

Well oh, does it matter  
What do you have to drink?  
A cup of coffee  
and I am spinning around, around and  
round

Gotta go  
Don't you know?  
Somewhere I gotta be  
It was good to know you

Going out for dancing  
Wanna have a taste  
Going down the wasteland

You know God must be amazed

Gotta go  
Don't you know?  
Somewhere I gotta be  
It was good to know you

Going out for dancing  
Wanna have a taste  
Going down the wasteland  
You know God must be amazed

Going out for dancing  
Wanna have a taste  
Going down the wasteland  
You know God must be amazed
